

SELLER GUIDANCE

Your sale in trusted hands

Selling a property in Spain involves documents, certificates, taxes and legal steps. As your selling agent, we take all of it off your hands — from the first valuation to long after the handover of the keys.

CLEAR AGREEMENT

Commission only on sale

You only pay Grupo Soltura once your property has **actually been sold**. All of the guidance below is covered by our commission. Third-party costs and taxes are made clear in advance — and shown transparently in the final settlement.

Updated every week. You never have to call to find out where things stand: every week you receive an update on viewings, interest and feedback on your property.

WHAT WE ARRANGE FOR YOU

Valuation & asking price

A market-based valuation built on recent sales in your area, so you start with an asking price that is both realistic and sharp.

Market analysis · Comparable sales

Documents & certificates in order

We gather and check every document a buyer and notary will ask for, including the mandatory energy performance certificate.

Title deed · Nota simple · IBI · Energy certificate

Presentation & international reach

Professional photos, video and drone footage with multilingual descriptions — presented on our website, portals and to partner agents.

Photo · Video · Drone · Multilingual

Viewings & negotiation

We accompany every viewing, check that buyers have their financing in place and negotiate in your interest.

Viewings · Buyer screening · Negotiation

Reservation & purchase contract

We draw up the reservation contract and the private purchase contract, so the deposit and the agreements with the buyer are secured.

Reservation · Contrato de arras

Power of attorney — selling remotely

Not in Spain on the signing date? We arrange a notarial power of attorney so the sale can proceed without you being present.

If desired

Notary & mortgage cancellation

We translate the documents and co-sign the deed with you. If a mortgage still rests on the property, we arrange its repayment and cancellation.

Translations · Co-signing the deed · Cancellation

Taxes after the sale

We handle the municipal capital gains tax and, for non-residents, the Modelo 210 tax return.

Plusvalía municipal · Modelo 210

Transfer & cancellations

Water, electricity and gas are transferred to the buyer; the community and running direct debits are properly cancelled.

Utilities · Community · Direct debits

Clear final settlement

You receive a transparent overview of the sale proceeds, amounts withheld, taxes and costs.

Full transparency

This list is not exhaustive. Depending on your situation, additional services may apply.

Thinking of selling your property?

We are glad to guide you personally, in your own language, from the first valuation to long after the handover of the keys.
